Comments:

Extremely likely:

- Dr. Rashid – very kind and caring GP. Felt at ease and listened to all problems – very nice. Dr. Horner – very nice also.
- Dr. Lund - Excellent healthcare and very patient.
- I recently had a nasty leg wound which took over 3 months to heal and so was visiting the surgery once or twice a week to have the dressing changed. I would like to thank nurse Sarah Newman for all her help, patience and hard work ‘fixing’ my leg. The honey worked a treat!
